EXPERT COURSE

Awake craniotomy with brain mapping

UNIwersytecki
SZPITAL KLINICZNY
im. Jana Mikulicza-Radeckiego

**18th - 19th
September 2018**

INTRODUCTION

Dear colleagues,

It is a big pleasure for me to invite you to come to Wrocław to participate in our course about awake craniotomy with brain mapping.

The course is clinical-observational and is oriented to neurosurgeons with experience in brain tumor surgery. My team will present you basic knowledge about the principles of performance of awake craniotomy surgeries in patients with brain tumors. The course will combine lectures and live surgery. The participants will benefit from the expertise not only of neurosurgeons but also neuroanesthesiologists, neurologists, neurophysiologists and psychologists.

The course is organized by the Department of Neurosurgery of the Wrocław University Hospital, which has introduced the technique of awake craniotomy in the region of Lower Silesia.

We look forward to seeing you in Wrocław.

Best regards and a warm welcome,

Paweł Tabakow, MD, PhD

PROGRAMME

TUESDAY, 18th September 2018

4:00 PM
Registration (Refreshment table)

4:15 PM
Welcome and introduction
Paweł Tabakow

4:30 PM
Basic principles of neuroanesthetic care of patients during an awake craniotomy procedure
Ewa Głogowska

4:45 PM
Methodology of brain mapping during awake craniotomy
Wojciech Fortuna

5:10 PM
Planned surgery introduction
Krzysztof Chmielak

5:25 PM
IONM medical technique for brain mapping - inomed

5:45 PM – 6:00 PM
Q&A

19:30 PM **Dinner in Wrocław's Old Town**

WEDNESDAY, 19th September 2018

8:30 AM
Awake live surgery, Wrocław University Hospital

2:00 PM
End of surgery

2:30 PM
Farewell and certificates
Paweł Tabakow

3:00 PM
Lunch
